Applicant(s): **Hans H.H. HANSEN**

Serial No.: **Not Yet Assigned**

Filed: **October 30, 2000**

For: **A METHOD OF AND A NETWORK FOR HANDLING WIRELESS SESSION PROTOCOL (WSP) SESSIONS**

PRELIMINARY AMENDMENT

Assistant Commissioner for Patents   October 30, 2000
Washington, D.C.   20231

SIR:

Prior to examination, please amend the above-identified application as indicated below and consider the remarks which follow:

IN THE CLAIMS:

Claim 3, line 1,   delete "or 2".

Claim 13, line 1,   delete "or 12".

Please add the following new claims:

-- 15.   A method according to claim 2, wherein the server defines a period of time in which the user profile information is stored in the database memory.

16. A server according to claims 12, and furthermore comprises a timer, wherein said processing means sets a period of time in which the user profile information is stored in the database memory. --
